5 April 1956

Dear Bob:

I would like personally to advise you concerning the staging plans for the movement of our contingent overseas, although you should have already received such information from other sources than myself.

The training exercise will begin on 9 April and will continue through 14 April, after which time packing and crating will commence.

On 25 April a processing team from Headquarters will arrive at the Ranch for a final check of all personnel going overseas. A message sent to the Ranch has indicated that all persons must be returned to the Ranch from leave by 26 April at the latest.

On both 29 April and 4 May a MATS C-118 is scheduled to leave the Ranch to transport personnel overseas. Beginning 29 April and for each day thereafter through 4 May, a MATS C-124 will leave the Ranch transporting material. Beginning 30 April and for each day thereafter through 3 May, a SAC C-124 will leave the Ranch transporting material.

I hope this letter will reach you in sufficient time to be of guidance to you in any plans you wish to make.

Sincerely,

DICK
